

# Cards Against Humanity: Fifth Expansion

---

I just received these cards in the mail yesterday and went through them last night with my friends. I thought the 4th expansion was a little weak but this expansion is quite a bit better. Nothing can compare to the shock of the original game the first time you play it but expansion filled some holes I didn't even know I was missing, LOL. Obviously if you are here looking at the fifth expansion you know about this game. If you are like me; I buy everything they make as soon as it comes out. But if you are one of those that has the original game and are not planing on getting all of the expansions this is a pretty good addition. Personally ranking all of the expansions on how funny and useful the cards were, I would go: 1st, 2nd, 5th, 3rd, 4th, bigger blacker box (the box is needed to hold all the cards but the cards that came with it are only slightly funny to anyone that owns the game, they are all Box related questions & answers, though the secret card (Google secret card Bigger Blacker Box) is really good). Anyways this is a good buy; I have been wondering why some of these had not been done before. It fits really well; you should buy it.

This game sucks. It does nothing but insult me in the most sarcastic way possible. It's full of toilet humor. It's asinine, childish, and just plain isn't for kids or adults. It had a recent party I attended in tears. A more vile, evil, disgusting game you will never meet. It hates you, your wife, your kids, your dog, and your dear old sainted grandma. It puts soap in your coffee and poo in your meatloaf. It will sell your cat into slavery, and drink all your beer. It will force you to do unnatural things with dolphins. Well, maybe not. Sarcasm aside, this game is pretty toilet humor, but if you're a sick, twisted birdie like myself, then you'll enjoy the crap out of this game while it beats the crap out of you. Don't buy if you have a stick up your bottom, but for everyone else, you'll have so much fun you'll wet your shorts laughing.
